

Environmental protection – a global challenge

Exercise (Individual work)

Complete this worksheet from top to bottom while watching the video “Environmental protection (2014): Environmental protection is a prerequisite for survival on this planet”. Find the right headings and captions for the screenshots from the video and make notes on the important information about “Anthropocene” and the “Montreal Protocol”.

1

The Anthropocene

A possible definition:

2

3

The Montreal Protocol – An example of success

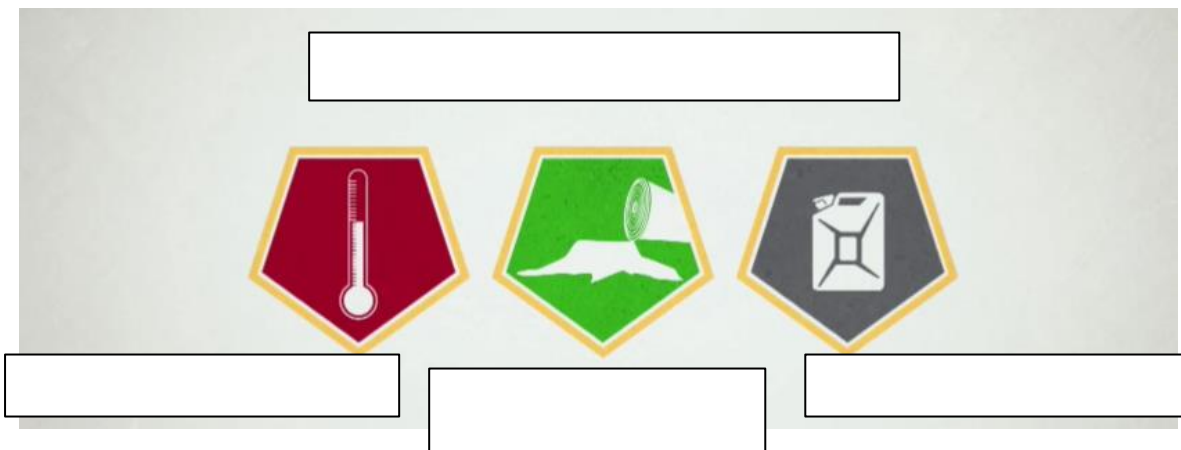

Reaction to:

Resolution:

5

6

Exercise after the video (work in pairs)

Compare your notes with those of your partner.

Then discuss a statement in the video from Willy Brandt:

“Environmental protection therefore also serves to guarantee peace.
It is, if you will, an extension of global policy of peace”.
